The Habitat for Humanity of Greater Portland **Build It Green** program is endorsed by:

*The ultimate goal of Habitat for Humanity is to eliminate poverty housing and homelessness from the face of the earth by constructing and building adequate and basic housing. Furthermore, all our words and actions are for the ultimate purpose of putting shelter on the hearts and minds of people in such a powerful way that poverty housing and homelessness become socially, politically and religiously unacceptable in our nations and world.*

# Build It GREEN

What does it mean to

# Build It GREEN?

## Energy Efficiency

- Insulation, lighting & heating

## Responsible Site Design

- Develop near existing infrastructure, reduce construction waste, passive solar

## Materials & Resources

- Salvaged, recyclable, renewable

## Durable Construction

- Indoor air quality, longevity, low maintenance

## Water Use

- Low flow fixtures, native plants, reduce runoff

*The Build It Green project is striving for LEED for homes certification. LEED (Leadership in Energy and Environmental Design) standards were developed by the US Green Building Council, and they provide a set of nationally accepted benchmarks in green building design and construction.*

Our mission centers on building simple, affordable housing for our neighbors in need. With the interests of our children and grandchildren in mind, the Build It Green project will initiate green building practices into all of our work.

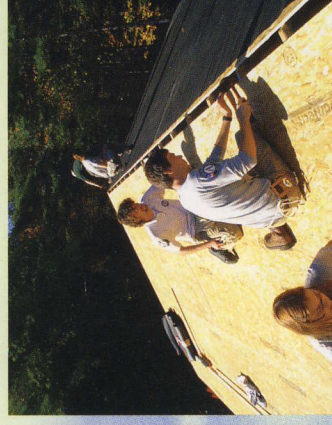

### **GOALS OF BUILD IT GREEN PROGRAM**

- **Serve as a model affordable green home**
- **Low operating expenses**
- **Low maintenance**
- **Promotion of ReStore's new and reusable building materials**
